

ROC SHB EDITS – DEC 2024 (FINAL)

Although cross draw and shoulder holsters are legal, extreme care must be exercised when drawing a firearm from a cross draw or shoulder holster or ~~returning~~ **returning** the firearm to leather.

SHB p.3

Penalties are not awarded in arrears but should be corrected before the competitor shoots the next stage.

Any violations noticed after the shooter has cleared all firearms ~~and left the unloading table~~ may not be penalized.

SHB p.4

SHB p.32

- If no starting position is given, the shooter shall stand upright with revolvers holstered, hands at the sides and not touching any firearm. (SASS default).

Any exceptions to the “default” position DO NOT negate the other criteria.

SHB p.13

- Changing location with a long gun with the action closed and the hammer cocked (exception for long guns from the loading table to the stage with no round chambered).

- Changing location with a cocked revolver.

- Unsafe firearm handling.

SHB p.22

- Malfunctioning firearms still containing rounds will not warrant penalties **(except misses for unfired rounds)** so long as the malfunction is declared, and the firearm is made safe.

SHB p.27

Loading and Unloading Area Conventions

~~Shooting stages/areas at all SASS matches provide a loading and unloading area in proximity to the firing line.~~

Change to:

All SASS matches must provide loading and unloading areas in proximity to the stage shooting locations.

SHB p.28

Basic Rules for the Long Range Competitions

...

- Rear sights must either be **open iron sights mounted on the barrel or original style tang or stock wrist mounted peep sights.**

- Long range rear barrel mounted sights of the flip-up ladder type may use a peephole drilled through the sliding sight leaf. An example of this is the various ladder type sights used on the Springfield trapdoors.

- **Other types of barrel mounted “peep” sights are not allowed.**

- **Bolt or receiver mounted sights are not allowed.**

...

SHB p.30

Stocks and Grips

...

Grips or stocks of ~~simulated~~ **synthetic** or natural materials are acceptable provided they are not customized to constitute a “target” grip or stock. That is, they must be of the same basic shape as grips or stocks found on original firearms.

SHB p.34

Rifle Sights

- **Tang mounted** rear sights may utilize changeable “peep” apertures and eyecups.

- No bolt or receiver mounted sight is permitted.

- **Barrel or receiver mounted “peep” sights are not allowed.**

- Dovetails may be milled in the barrel for sight replacement.

SHB pp.35-36

Shotgun Break Action

...

- The top opening lever on break action shotguns may be bent (re-profiled) by no more than ½” from the center of the tang to the outside edge of the lever.

- **The tab of the top opening lever may be skeletonized.**

SHB p.39

Cocked – hammer not fully down (**e.g.**, full, half-cock or safety notch).

SHB p.42
